EDUCATION SUBCOMMITTEE MINUTES – APRIL 2018

ADULT EDUCATION SUBCOMMITTEE MEETING

February 8, 2018

- REVEST successfully began classes for the current cycle on January 10th, 2018 and we currently have over 1800 students registered for VESOL classes in our four Centers. The term will end on April 28th, 2018. Regarding the Summer Term 2185(May 9-August 25, 2018) 33 Orientation Sessions are scheduled. About 1000 students will be tested using the Pre-CASAS placement test. 84 classes are programmed for the Summer Term.
- REVEST continues registrations for the Spring 2183, and we have already served around 80 new vocational students despite the dramatic cuts in our budget recently. We continue to hold individual and group vocational retraining sessions for advisors, with the participation of CE coordinators, in order to continually help us expand our knowledge about the new changes in the MDC Information System.
- Faculty meetings were conducted with all REVEST instructors Jan. 18, 19, 2018. Topics included establishing a Florida I.D. to assist in establishing Florida residency, professionalism in the workplace, and strategies to enhance student retention.
- REVEST is concerned with the possible impact of the current climate regarding immigration and its effect on clients seeking services. We have noticed a decline in inquiries for services and are interested if any other agencies are experiencing similar effects. There may be a fear of disclosing personal information that is keeping some clients from seeking benefits they are eligible for.

- The total enrollment in the SAVES program as of January 31, 2018, was 2,052. Of these, 606 are new students to the program and 196 are 16 to 18 youngsters enrolled in the Success Management Academy (SMA) SAVES GED in Spanish Program. The current trimester began on January 8, 2018 and will end on Friday, April 06, 2018. The next academic trimester will begin on April 9, 2018. Graduations for students in the SAVES program are held at the end of each term.
- SMA GED in Spanish program is proven to be an excellent alternative for refugee youth that would otherwise not make it in the regular high school programs. Students are graduating and continuing to study English and choosing a career pathway either through vocational/technical training or transitioning to MDC. Due to the success of this program, the M-DCPS Superintendent and the School Board On January 25, 2018, were briefed about its implementation and achievements.
- To facilitate student access to the GED in Spanish SAVES program, this program is available in 8 schools around Miami Dade County: (1) Hialeah-Gardens SHS, (2) Westland Hialeah SHS, (3) Hialeah Adult Education Center, (4) Hialeah-Miami Lakes Adult Education Center, 5) Miami Springs Adult Education Center, (6) Robert Morgan Educational Center and Technical College, (7) Miami Coral Park Adult Education Center, and (8) Jose Marti Mast 6-12 Academy.
- Miami Sunset Adult Education Center has been added to the list of SAVES schools. As of now, SAVES has a total of 16 schools.
- SAVES continues to issue vouchers for books and tuitions for students who are ready and interested in vocational/technical courses that are not offered at their current schools. Some of these courses are: Aircraft/Airframe Mechanics and Truck Driving. Participating schools are Baker Aviation and Miami Lakes Technical Colleges. SAVES has 33 students in these schools.
- SAVES works closely with the M-DCPS marketing department to reach out to the community and disseminate information about the SAVES programs. SAVES is currently advertising via newspaper, radio, career fairs, and opening of school meetings. New SAVES Website and Marketing Video for M-DCPS technical colleges are available through the following links: www.savesdadeschools.com and <https://youtu.be/pttdZJ5ssLw>. Also the M-DCPS Parent Academy is being used as a vehicle to market the SAVES program.
- New SAVES success stories, which highlight the achievements of some of our students, are uploaded to the SAVES website (www.savesdadeschools.com).
- If you have any questions about our program, you can call us at the number below or visit the SAVES website at www.savesdadeschools.com.

USCIS UPDATE – APRIL 2018**USCIS Miami & Caribbean District
April 2018 Update****❖ Processing Times Web Page**

USCIS has launched a pilot to test a redesigned processing times webpage that displays the data for all forms in an easier-to-read format and also tests a new way of collecting data and calculating the processing times for some forms.

The pilot will test four forms using a new automated methodology for calculating processing times. The four forms are:

Form N-400, Application for Naturalization;

Form I-90, Application to Replace Permanent Resident Card;

Form I-485, Application to Register Permanent Residence or Adjust Status; and

Form I-751, Petition to Remove Conditions on Residence.

The updated page displays processing times in a range for each form based on the date USCIS receives it. The low end of the range for pilot forms shows the time it takes to complete 50 percent of cases, and the high end shows the time it takes to complete 93 percent of cases. The high end for the non-pilot forms will be adjusted by 30 percent above current cycle times to reflect the time it takes to complete a majority of the cases.

❖ Undeliverable Documents

Starting April 2, USCIS will destroy Permanent Resident Cards, Employment Authorization Cards (EADs) and Travel Documents returned as undeliverable by the U.S. Postal Service after 60 business days if USCIS is not contacted by the document's intended recipient to provide the correct address.

USCIS encourages applicants to report a change of address within 10 days of relocation using the procedures outlined at uscis.gov/addresschange.
