SUBJECT: 'Get Set' for FSFN Enhancements coming April 3, 2020

PURPOSE: The purpose of this memorandum is to inform child welfare stakeholders of the Florida Safe Families Network (FSFN) enhancements scheduled for implementation on April 3, 2020. This information should enable you to "Get Set" for these changes.

BACKGROUND: Over the past two years the Department introduced the Path Forward initiative which included the implementation of several programs supported by FSFN. Since the deployment of these programs, users have identified opportunities to improve, enhance, or streamline this support. This FSFN release is in response to the feedback we received.

This FSFN release will include refinements to the Guardianship Assistance Program and improvements to Eligibility processing. Eligibility workers will be able to view a new Eligibility Worksheet that will provide detailed insight into the calculations that inform the Title IV-E Eligibility determination and will have access to an enhanced TANF Eligibility Determinations Due report to manage the timely completion of TANF determinations. The April FSFN release will also include some enhancements to the Organizational Provider to begin setting the stage for FFPSA implementation, add providing Children's Legal Services the ability to document when the court denies the request for a permanency goal change, and more!

For a more detailed overview of all enhancements in April's release please see the attached "FSFN Enhancements - April" document.

In preparation for these enhancements to "go live" on April 3, 2020, there is a continuous effort to assess and achieve people readiness, system readiness, and the implementation of a support plan. The following is a status on our readiness assessment:

PEOPLE READINESS: On Target – This release includes system refinements to programs which have already been implemented and trained. The training approach for this release will focus on strengthening the prior implementation and will occur after the release has

1317 Winewood Boulevard, Tallahassee, Florida 32399-0700

Mission: Work in Partnership with Local Communities to Protect the Vulnerable, Promote Strong and Economically Self-Sufficient Families, and Advance Personal and Family Recovery and Resiliency

been deployed. The training team is exploring online means of delivering the training for the April release and the FSFN release scheduled for May 22, 2020. More information on training will be circulated in the coming weeks but is tentatively scheduled to take place in May.

SYSTEM READINESS: On Target – User Acceptance Testing started on March 9, 2020 and remains on track to complete by March 27, 2020.

SUPPORT READINESS: On Target – The policies for these programs have already been implemented. Any additional policy guidance will be provided in conjunction with the May 22, 2020 release. A project website has been setup on the Center for Child Welfare's website to house all project related policy, training, FAQ, and FSFN documentation: <http://centerforchildwelfare.fmhi.usf.edu/FSFNEnhancementsSpring2020.shtml>

The FSFN April Release post-deployment support strategy will include daily triage conference calls to provide support specific to the enhanced functionality.

ACTION REQUESTED: It is time to **Get Set** for the FSFN April Release to go-live on April 3, 2020. Please share all communication received regarding this release to ensure our workforce is aware and ready for the upcoming FSFN changes. In addition, please share the following specific instructions with the identified user groups:

- **Revenue maximization staff** – The new Eligibility Worksheet will be available for all Title IV-E Eligibility Determinations initiated after the November 2019 enhancements. This worksheet will provide all the detailed inputs that drive the FSFN calculations. This tool is provided to support your current process.
- **Revenue maximization staff** – The enhanced TANF Eligibility Determinations Due report will be deployed to support the initial TANF completion and redeterminations for case management, MAS, and GAP children.
- **Adoption/revenue maximization staff** – A new option to indicate 'No Response Received' will appear on newly created Adoption TANF pages. This new checkbox should be used when a family does not respond to the annual redetermination request. FSFN will see this response and determine the child TANF ineligible without the need to answer any additional questions.
- **GAP/revenue maximization staff** – A new option to indicate 'No Response Received' will appear on newly created TANF pages. This new checkbox should be used when a Guardian does not respond to the annual redetermination request. FSFN will see this response and determine the child TANF ineligible without the need to answer any additional questions.
