QID191 - This question is concerned with evaluating the assessment of caregiver protective capacities. Reviewer should select “YES” if information supports the identified caregiver protective capacities. Reviewer should select “NO, information is present but identified Caregiver Protective Capacities are not supported by the information. Worker may have selected caregiver protective capacities that are accurate, however may have selected others that are inaccurate or not supported by the information as being present, but rather absent. Reviewer should select “NO, information not present” to support the assessment of caregiver protective capacities when information is absent from the record to inform the caregiver protective capacities.

#	Answer	%	Count
1	Yes, Caregiver Protective Capacities are supported by information	46.05%	70
2	No, Caregiver Protective Capacities are not supported by the information.	53.95%	82
