DRAFT

Introduction

Narrative/overview of the case leading up to the CIRRT deployment – including circumstances that met the criteria for review.

Include the date the team was deployed, where they responded and what information was gathered/reviewed during the process.

The review team consisted of representatives from ...note the agencies that were represented on the team...[for example: DCF's Office of Child Welfare and Children's Legal Services as well as the Harbor House of Central Florida (domestic violence service provider), a locally-based substance abuse and mental health provider and Childnet (community-based care provider in the Southern Region)].

This report presents the CIRRT's findings, including the child welfare history, the family composition, a summary of the local child welfare services providers as well as an analysis of the system-of-care.

System of Care Review

This review is designed to provide an assessment of the child welfare system's interactions with the [specify] family and to identify issues that may have influenced the system's response and decision-making.

In cases where the circumstances resulting in a CIRRT deployment are not related to the circumstances surrounding the child's death, a clarification statement may be of benefit if the team determines opportunities for systemic improvement, in general...

e.g.: Although the following findings were not a contributing factor in the child's death, they provide opportunities for improvement that will benefit to the local system of care.

Practice Assessment

PURPOSE: This practice assessment examines whether the child welfare professionals' actions and decision making regarding the family were consistent with the Department's policies and protocols. IF APPLICABLE, A LEAD IN SENTENCE CAN BE USED TO NOTE A DIFFERENTIATION IN FINDINGS. (E.G., *In this case, both strengths and opportunities for improvement were identified.*)

FINDING A: Note the overall finding and provide supporting information below. This finding heading should be reflected in the executive summary.

Supporting information....

FINDING B: Repeat for each additional finding and again, reflect this heading in the executive summary.

Supporting information....

FINDING C: Repeat for each additional finding and again, reflect this heading in the executive summary.

Supporting information....

Organizational Assessment

PURPOSE: This section examines the level of staffing, experience, caseload, training and performance as potential factors in the management of this case.

FINDING A: Note the overall finding and provide supporting information below. This finding heading should be reflected in the executive summary.

Supporting information...

FINDING B: Repeat for each additional finding and again, reflect this heading in the executive summary.

Supporting information...

FINDING C: Repeat for each additional finding and again, reflect this heading in the executive summary.

Supporting information...

Service Intervention/Array

PURPOSE: This section assesses the inventory of services within the child welfare system of care.

FINDING A: Note the overall finding and provide supporting information below. This finding heading should be reflected in the executive summary.

Supporting information...

FINDING B: Repeat for each additional finding and again, reflect this heading in the executive summary.

Supporting information...

FINDING C: Repeat for each additional finding and again, reflect this heading in the executive summary.

Supporting information...

Systems Issues

What were the noted systemic issues?

Immediate Operational Response

What, if any, actions were taken by the region/cbc in response to this case? If no action was taken, or not applicable (in cases where the death and prior child welfare history are unrelated), this section can be deleted from the report.
