An average of twenty people attend these meetings on a regular basis. The purpose of these meetings is to increase awareness of the refugee populations, share best practices, build collaborations between agencies, spot trends in refugee populations, characteristics or movements, help create good communication among service providers; get informed about upcoming community events, request for proposals, training, workshops, conferences, etc., at the local, state and national level; discuss refugee program service needs and possible solutions to meeting those needs. I look forward to seeing you at the next meeting!

SWFL REFUGEE TASK FORCE MEETING MINUTES

This meeting was held at the Department of Children and Families in Fort Myers. Janet Blair, Community Liaison, represented the Dept. of Children & Families (DCF). Nineteen people were present and the meeting was called to order at 1:10.

PRESENTATIONS

- The first presentation was given by Don Jarrell of United States Citizenship and Immigration Services (USCIS). He passed out Public Charge Fact Sheets and shared that there are now 8 new online forms at the USCIS website. Clients are urged to learn to navigate the site as the goal is for USCIS to go completely paperless in the near future. Shelly Randall, Field Office Director of the USCIS Fort Myers branch, shared that the office is now fully staffed. The Fort Myers office has been up and running for 3 years now and processing times are steadily declining. Shelly did stress that it is important for clients not to apply for citizenship prior to studying for the exam. Since applications are now taking less time to process, clients should be prepared to take the test prior to submitting their application.
- The second presentation was given by Denise Garbin from DCF Economic Self-Sufficiency (ESS). Denise is the Operations and Management Consultant (OMC) and oversees the Refugee Assistance Program (RAP) Unit for the region. She went over new income guidelines that are effective as of October 1st of this year. She also announced that all ESS staff are now cross trained in administering RAP as of Oct. 1st and shared that as of May 1st there will be a change statewide that no clients will have expedited food assistance without an interview being conducted first.
- The final presentation was given by Ahmed Khan from Council on American-Islamic Relations (CAIR). There is now a Fort Myers CAIR office and all services are offered pro bono. Clients can be assisted with immigration documentation, school bullying issues, know your rights clinics and family law. More information can be found at <https://www.cairflorida.org/>

year in the Refugee Clinic.
