TERMS AND DEFINITIONS

Terms	Description

SCOPE

INITIAL REQUEST & ASSUMPTIONS

Business Statement

DCF requires the EntityCreatedTimestamp and EntityUpdatedTimestamp fields from the ODS tables be added to the Reporting Database to support data requests received from internal and external agency from around the state.

Scope Definition

FEI will add and test the addition of EntityCreatedTimestamp and EntityUpdatedTimestamp to the Reporting Database. The new timestamps will be added to XXXXXX tables in the Reporting Database.

Assumptions, Constraints, Dependencies

-

EXISTING FUNCTIONALITY

The Reporting Database currently has EntityCreatedTimestamp and EntityUpdateTimestamp fields based on when records are created and updated in the Reporting Database. There is currently no data of when records were created in the ODS tables.

PROPOSED FUNCTIONALITY

The Reporting Database will include EntityCreatedTimestamp and EntityUpdateTimestamp columns that will be populated from the EntityCreatedTimestamp and EntityUpdateTimestamp for specific records from the ODS tables. The column will be named based on the type of record where they are being pulled from. (ex. AdmissionEntityCreatedTimestamp)
